

Grandelight Table Furniture Assembly

Separately boxed Table & Base

Lay table top face down on a soft surface and open box, do the same with the base. Remove the screws and brackets from the base and place in position on the table using Allen Key supplied. (See picture 1)

(Picture 1)

(Picture 2)

Lift the base onto the table with the brackets facing the outside, place the base to the top and bolt into position and tighten with Allen Key. (See picture 2)

With 2 persons turn the table upright and put into position. In case of uneven surface, wedge the table using a suitable material.

Care & General Information

Grandelight is a highly finished handmade product made with crushed granite. Utilizing modern techniques and substituting cement for polyester and fibreglass as a binding agent, Grandelight offers superior strength and stability in construction, resulting in a fantastic durable product. This handmade quality product has been made to the highest standard and is frost and crack resistant when maintained properly.

Care & Cleaning Grandelight furniture

Clear the water from the table after rain. To clean, use warm water. Avoid the use of aggressive detergents and contact with substances containing acids. Sharp objects will scratch the surface of Grandelight.
